4.1.2 the first preference vote for each candidate will be determined;

4.1.3 the quota will be determined as follows: divide the total valid vote by one more than the number of places to be filled. If the result is more than 100, ignore the remainder, and add one. If the result is less than 100, continue the division to two decimal places, ignore the remainder, and add 0.01;

4.1.4 any candidate shall be deemed to be elected whose vote equals or exceeds the quota, provided that the number of candidates deemed elected does not exceed the number of places to be filled.

4.1.5 this completes the first stage of the count.

4.2 Subsequent Stages

4.2.1 If one or more candidates have surpluses above the quota, and the total of such surpluses together with any vote in suspense does not exceed the differences between:

a) the vote of the candidate credited with the least vote and the vote of the candidate next above, or

- b) the total vote of two or more candidates with the least votes and the vote of the candidate next above,

the transfers of such surpluses shall be deferred.

- 4.2.2 Otherwise, if one or more of the candidates have surpluses, the largest surplus shall be transferred. If the surpluses of two or more candidates are equal, the surplus of the candidate who had the greatest vote at the earliest stage at which they had unequal votes shall be transferred. If the votes of the two or more such candidates have been equal at all stages of the count, the Returning Officer shall decide by lot which surplus to transfer.
- 4.2.3 If after all surpluses have been transferred or deferred, one or more places remain to be filled, the candidate or candidates with the least votes shall be excluded.
- 4.2.4 The two or more candidates with the least votes shall be excluded together if the total votes of such two or more candidates, together with the total of any deferred surpluses does not exceed the vote of the candidate next above.
- 4.2.5 Otherwise the candidate with the least vote when that vote, together with the total of any deferred surpluses and any vote in suspense, does not exceed the vote of the candidate next above or the vote required on election deposit shall be excluded. If the votes of two or more candidates are equal least, the candidate who had the least vote at the earliest stage at which they had unequal votes shall be excluded. If the votes of the two or more such candidates have been equal at all stages of the count, the Returning Officer shall decide by lot which candidate to exclude.

4.3 Transfer of Surplus

- 4.3.1 In the case of a surplus arising at the first stage, all of the papers which a candidate has received shall be examined.
- 4.3.2 In the case of a surplus arising at a later stage consequential on the transfer of another surplus or from the exclusion of a candidate or candidates, only the last batch of papers, all of one value, which gave rise to the surplus shall be examined.
- 4.3.3 The voting papers to be examined shall be sorted according to next available preferences for continuing candidates. Those papers on which no next available preference is expressed shall be set aside.
- 4.3.4 The number of papers for each candidate shall be determined.
- 4.3.5 The present total value of the transferable papers shall be determined. If this exceeds the surplus, the transfer value of each paper shall be determined by dividing the surplus by the number of transferable papers to two decimal places, ignoring the remainder. Otherwise, the transfer value of each paper is its present value.

4.3.6 The values to be credited to each candidate shall be determined and the total reconciled.

4.3.7 Any candidate whose vote now equals or exceeds the quota shall be deemed to be elected.

4.3.8 The transfer of a surplus constitutes a further stage in the count.

4.4 Exclusion of a Candidate or Candidates

4.4.1 The papers of the excluded candidate or candidates shall be arranged in batches in descending order of transfer value. The number and total value of the papers in each batch shall be ascertained and reconciled with the total vote of the excluded candidate(s).

4.4.2 The batch of papers of highest transfer value shall be transferred. The papers shall be sorted according to next available preferences for continuing candidates and those papers on which no next available preference is expressed shall be set aside as non-transferable.

4.4.3 The number of papers for each candidate and the number of non-transferable papers shall be determined.

4.4.4 Except in the cases of papers at full value, the value of the papers for each candidate and of the non-transferable papers shall be determined and the total reconciled.

4.4.5 The voting papers for each candidate shall be placed with those previously received.

4.4.6 In the same way, each batch of papers shall be sorted and transferred in turn in descending order of transfer value.
